| Motto                  | The Energy Capital's Premier Research University |

University of Houston is a major public research university in Houston, Texas — the energy capital of the world. Known for strong engineering, business, and energy programs with excellent industry connections.

### Notable Alumni

**Notable Alumni** — Leaders in technology, business, and research  
**Distinguished Graduate** — Industry pioneer and innovator

## 2. Why Choose University?

---

- Located in Houston — 4th largest US city with booming energy sector
- Tier 1 research university with strong industry partnerships
- Top-ranked petroleum and energy engineering programs
- Affordable tuition compared to other major cities
- Strong Indian student community
- Excellent job market in energy, healthcare, and tech

### | Academic Environment

Collaborative and research-focused. Small class sizes foster close professor-student relationships. Strong emphasis on practical skills and industry readiness.

### | Student Life

Vibrant and multicultural. 200+ student clubs, regular events, and a welcoming community for international students. Active Indian student network.

# 3. Programs & Courses

## Popular Programs for Indian Students

| Program                                 | Level | Duration | Tuition      | Highlights                                                                                                           |
|-----------------------------------------|-------|----------|--------------|----------------------------------------------------------------------------------------------------------------------|
| MS in Computer Science                  | PG    | 2 Years  | \$18K-22K/yr | Cutting-edge CS program with specializations in AI, ML, Data Science, Cybersecurity, and Software Engineering.       |
| MS in Data Science                      | PG    | 2 Years  | \$18K-22K/yr | Comprehensive data science curriculum covering statistics, ML, deep learning, big data analytics, and visualization. |
| MS in Artificial Intelligence           | PG    | 2 Years  | \$18K-22K/yr | Deep learning, NLP, computer vision, robotics, and autonomous systems with industry projects.                        |
| MS in Cybersecurity                     | PG    | 2 Years  | \$18K-22K/yr | Network security, ethical hacking, cryptography, digital forensics, and security governance.                         |
